To the courts and Children's Aid Society.

You have wrecked my life. You are destroying my family. My brother and I were happy in our family. I told you I had no problems. I told Kaveh Khanverdi that there were no problems and I did not want him coming to my school. My brother has told you he doesn't want to be with you and wants to come home. I want to live at home with my mom and brother. I do not want to live in your group home. I will not live there, I should never have been taken out of my home. You are not acting in my or my brother's best interest.

I have no respect anymore for this justice system or these courts. The children's aid society has lied. They give me a lawyer who lies and does not say what I want. The judge said that I was being removed because my mom said that I was a spy for the CAS and bipolar. My mom never said that. My mom and I were laughing at how stupid that was. She showed me how she used your own records to make it look stupid and how it was all another lie from Kaveh Khanverdi. Yet the judge takes me away to be locked up because of that. This is ridiculous. I will not be imprisoned because of your lies. My mom is not crazy. This system is crazy to have allowed this to happen.

How come the CAS workers lie, and I get treated like a criminal, they make me into a fugitive and my mom faces going to jail. Why doesn't anyone look at these lies before they totally destroying my family. Why doesn't anyone care. What are you going to do at the end, after there is nothing left and we are angry at you and hate you and this system. Saying sorry will be to late. Somebody do something to stop this. My mom has never hurt us in anyway. The CAS has.
